

## Eastern Oregon Conference Call Instructions 2017

There are recurring monthly phone discussions concerning different aspects of the EASA program and areas of EASA staff's work. See the call-in instructions, call details, and schedule below to find out how and when to join in. You can also view updates for the call(s) you participate in, and even copy them to your own Google Calendar, by visiting the [EASA Google Calendar](#) on the website.

### Participants join a conference call by:

All Eastern Oregon calls will use the CISCO/Nexus meeting platform. Sites need to download the Cisco/NEXUS computer program in order for it to work. If your site has not already downloaded the software, please find instructions here: <http://www.ohsu.edu/xd/about/services/information-technology/visitors-guests/join-online-meeting/index.cfm>

Choose your best option to join as a guest below:

1. Web/Mobile Audio and Video Conferencing *\*Preferred!*  
<https://nexus.ohsu.edu/index.html?id=446198065>  
Passcode: 0000
2. Phone Audio-Only  
503-444-9598  
Meeting ID: 446198065#  
Passcode: 0000#
3. iPhone One-Touch Audio Call  
503-444-9598,,446198065#,0000#
4. Room-Based VTC Codec Video Address  
easa.consultation@ohsu.edu (do not click)  
Passcode: 0000

For troubleshooting and tech support, please call **1-866-897-2505** and tell the representative that you are connecting to an OHSU online meeting.

Visit <https://www.ohsu.edu/online meetings> for regional/international dial-in numbers and support information.

## **EASA Call Definitions and Invited Participants:**

**General EASA Consultation Call:** A discussion of successes and challenges of working the EASA model with participants and support systems. We will focus on areas where you are stuck or have questions with implementing the model. This may also include review of assessments & plans.

This call should include all EASA team members.

**MFG Consultation Calls:** A discussion of successes and challenges of working the MFG model. We will also review videos of groups as they are available.

This call should include all EASA clinicians who facilitate the MFG.

**Screeners Call:** A discussion and review of challenging screenings and referrals to EASA. This call will also focus on working with referents.

This call should include all EASA screeners.
