

## **EASA Family & Friends Leadership Council (FFLC)**

### **Who Are We?**

We are people, like you, whose families have been helped by the unique approach EASA brings to the experience and treatment of psychosis or those at risk of developing psychosis.

### **What We Do**

The Family and Friends Leadership Council is a way to connect with others and give back. We believe that every family member and friend of a participant or graduate of EASA should experience the excellence of EASA, and that we can contribute to this.

Our work is focused on recommending improvements to EASA, supporting families and friends in EASA, and advocating for EASA statewide. While the FFLC is not primarily a support group, it provides the opportunity for family members and friends of EASA participants and graduates to meet, hear to each other's stories, and find out how other families are navigating their journey.

### **When and How We Meet**

Our group meets virtually on the fourth Thursday of each month from 6:30 PM to 8:00 PM. We do occasionally meet for in-person events as well.

### **Who Can Join the FFLC?**

Families and friends of EASA participants or graduates who want to connect with others and give back to EASA.

### **How To Join**

If you are interested in more information or would like to be invited to the next meeting, please contact: **Megan Sage, EASA Center for Excellence Director, at [sageme@ohsu.edu](mailto:sageme@ohsu.edu) or Karma Clarke-Jung, EASA Center for Excellence Family Engagement Coordinator, at [clarkejung@ohsu.edu](mailto:clarkejung@ohsu.edu).** Please let us know if you need any language interpretation services or other accommodations.

**We are so glad that you are interested and look forward to hearing from you!**
