EASA Learning Collaborative Meeting

Regional Breakout Groups

Discussion Prompts

- Introductions & Grounding
- C4E Share
- EASA Teams/Program Updates
- Case Consultation
- Sharing Resources

Topics for discussion:

- What is your team culture/ team approach in addressing cannabis use/misuse with participants and family members/supports?
- How do you approach conversations around cannabis use/misuse with participants and their family members and supports in individual and/or group settings (i.e. MFG)?
- What psychoeducational materials (websites, TikTok, YouTube, written materials) have you found to be helpful when educating participants and family members/supports about cannabis use related to mental health and symptoms of psychosis?
    - How would you update your outreach materials to integrate what you learned today?
- What initial ideas do you have for ways the new C4E SUD consultant/trainer can work with your team on this subject?
