

## Breakout Groups #2

### Instructions:

#### Assign:

- A person to take notes and share your discussion with the full group
- 1) Share team updates and successes!
  - 2) Discussion questions:
    - a. What is your team's process when it is determined that an individual who is brought in under Clinical High Risk for psychosis is no longer a fit for the program?
    - b. If you transition these individuals into other care, what have you found to be helpful in the transition process?
    - c. What are your team's strengths in collaborating to navigate these types of decisions and/or transitions?
